No, I did not attend the meeting. I didn't even know our meeting with Nina was cancelled until I called in for the meeting. I was in Salem all morning. If I hear about the outcome of the meeting, I will share with you.

Today's 1pm/4pm meeting with NWEA is postponed. At Christine's request, I called Allison LaPlante, counsel for NWEA, and asked her if we could postpone the meeting. Christine is following up with Lynda and Joelle during the time scheduled for the meeting. The hope is that the managers can reach agreement on a proposal that would then be presented asap to NWEA. I (or someone) will let you know when there is a rescheduled meeting.

Hi Everyone - thanks for talking through these complicated and tough issues on the CZARA funding and dates for final action. As Jayne's proxy, I'll say that I think our groups are closer to each other than it might have seemed at times on today's phone call. Here are details on the tomorrow's call with NWEA:

Date: Thursday, 5/13/14  
Time: 1-2:30pm PST/4-5:30EST  
Call-in number: [Non-Responsive] (JB, can you be the leader?)  
Seattle Location: 20th Floor Cedar Room

I'm out tomorrow, but if you send me comments today, I'll send a final draft tonight and then hand it over to JB to make any last changes, so please cc: all for any changes to the bullets in the attachment.

He asked to join us in Seattle for the May 14 meeting, understanding that his client, as well as NOAA and EPA HQ, will be on the phone. He made a pitch for the effectiveness of in-person meetings. We can talk about this at 9/noon.

When: Tuesday, May 13, 2014 9:00 AM-10:00 AM (UTC-08:00) Pacific Time (US & Canada).  
Where: Conference line **Non-Responsive** Seattle, Christine's office

Hi Everyone - 9-10am PST/12-1PM EST is the best time for the most people for tomorrow, and I'm hoping that people can rearrange their schedules to come to this meeting. The conference line

is **Non-Responsive** We're aiming in tomorrow's call to get to agreement or get close to agreement on how we'll talk with NWEA on Wednesday's call. So when you see below, #2 is what I think we need to focus the conversation on. I expect others will chime in if you disagree.

Here are some of the take home messages I heard from the call today. I'm going to use some wrong legal terms, so feel free to correct, but hopefully, it gets to the spirit of what we discussed. :

1) All options are challenging, but there are different options that may work for NOAA and EPA.

# Ex. 5 - Attorney Client

That's it. We didn't get to touch base on the Congressional letter, but will do that after we answer this question and I'd assume after our call with NWEA on Wednesday. Thanks! I'm out of the office this PM for an afternoon meeting, but will check my emails later this afternoon. - Jenny
